Intensive Programme in Integrated Treasury Management (With One-Day Trading Game)

The integrated treasury function in banks and financial institutions has grown manifold and become complex to organise and manage. Further, because of increasing business competition and expectations from the shareholders, banks and financial institutions are under pressure to improve their bottomline performance. In this context, treasury managers have to play a significant role in improving the overall financial performance of their organisations through efficient management of treasury operations. This programme will help treasury operations function more efficiently and effectively.

Methodology

In addition to classroom lectures, a few case studies and exercises will be used in the programme in order to get insights into the operational aspects of integrated treasury function. During the programme films on certain topics of integrated treasury management will be shown. Besides this, group discussion and presentations will be an integral part of the programme methodology so as to ensure active participation of the participants.

Content

All the relevant topics related to integrated treasury management in banks and financial institutions will be covered in the programme. The main topics that will be discussed day-wise are:

- Day 01: (a) Integrated Treasury Management: Scope and Approach and Issues, (b) Role and Functions of Front, Back and Mid-Office.
- Day 02: Structure and Working of Money, Debt and Equity Markets.
- Day 03: Structure and Working of Forex Market, Forex Arithmetic and Forex Dealing Room Operations.
- Day 04: Bank Investment Portfolio, Bond Mathematics, Yield Curve Analysis and Valuation of Trading Portfolio.

- Day 05: Operations in Money and Securities Markets and Trading Strategies.
- Day 06: Managing Risk in Domestic Treasury and Use of Interest Rate Derivatives.
- Day 07: Trading in Currencies and Currency Derivatives.
- Day 08: Role of Treasury in ALM, FTP, Impact of Basel II and III Capital Accords on Treasury Operations. Liquidity Ratios under Basel Accord III.
- Day 09: Back-Office Operations, Accounting of Treasury Operations under IFRS and Integration of Markets.
- Day 10: Trading Game Covering deals in Money, Securities and Forex.
