

Advanced Programme on Card Payment System

December 3 – 5, 2018

Coordinator
Dr Deepankar Roy

**National Institute of
Bank Management
Pune, India**

Advanced Programme on Card Payment System

Background

Credit and Debit cards are emerging as a convenient form of making payments for goods and services without the use of actual cash or cheques and offers promising opportunities for banks to increase their payment business. We are witnessing lots of innovation in card payment instrument such as prepaid cards, contactless cards, EMV and virtual cards. Card-based payments in India, in terms of volume, increased from 648 million in 2011-12 to 8207 million in 2017-18. In terms of value, the increase was from Rs. 2 trillion in 2011 - 12 to Rs. 10.6 trillion in 2017 -18. Card business offers banks significant opportunities to increase transaction volumes and earn fee income through interchange. To remain competitive, banks would, therefore, have to tailor their cards payment products and services to suit the requirement of their customers. Against this background the training programme has been conceived by NIBM.

Objectives

- To provide exposure to complexities in card payment system like authorization, clearing and settlement services.
- To introduce participants to the four-party and three-party model, the roles played by issuers, acquirers, merchants and the key steps involved in a transaction being authorized through to being cleared, and then settled.
- To provide them an insight into the key areas of the card business, highlighting industry trends along with the business drivers, best practice techniques for running a successful card business and loyalty programmes.
- To cover as to how the competition in card payment system is growing with the introduction of RuPay or a domestic card payment network vis-a-vis the international schemes like Visa, Mastercard, American Express and Discover.

Methodology

The programme will be highly interactive in nature and will be based on concept sessions, live cases, brainstorming sessions ,discussions, group presentations and sharing of experiences by industry experts.

Content
