Programme on Management of Non-Performing Advances: Effective Strategies for Prevention and Recovery (Focus: Insolvency and Bankruptcy Code, 2016)

A stable and sound banking system is required for the healthy growth of an economy. But the ballooning non-performing assets problem is the biggest impediment to it. Management of these assets continues to be the biggest challenge for Indian banks given the macroeconomic conditions prevailing in the country. In India, the pile of Non-performing assets, or bad loans stood at Rs 10.36 lakh crore as on March 31, 2018. The unprecedented rise in NPAs is a matter of concern for banks who have to make higher provisions putting their profitability, and thereby Capital Adequacy, under stress. In order to curb NPAs, RBI also put in place revised and harmonised guidelines for resolution of stressed assets (February 12, circular) during the year, replacing earlier schemes. The Insolvency and Bankruptcy Code, 2016 has far reaching ramifications for the Banking Industry reeling under stress from ballooning Non Performing Assets (NPAs).

At the present juncture, Indian banks have to fight on two counts, viz. speedy recovery of bank dues from the existing NPAs and arresting further slippage in standard loan asset quality. In addition, the NPA portfolio needs to be analyzed to determine the reasons for loan default, which could be due to both, external and internal factors. Some of the significant internal factors include inadequate loan appraisal, weak post sanction credit monitoring, faulty documentation, poor efforts for recovery etc.

Given this background, there is a need to enhance knowledge and skills of branch managers of bigger branches and credit/recovery officers in controlling offices to arrest slippages and to recover NPA's.

Target Group

Branch Managers, Credit Officers, Managers of specialized recovery branches, credit monitoring department, and Law Officers in banks and financial institutions and executives in ARCs.

Objectives and Content

- ❑ Recent trends in NPAs and reasons for loan default
- ❑ Latest Income Recognition and Assets Classification norms (IRAC) guidelines
- ❑ Analysis of Financial and Macro-economic Environment
- ❑ Forensic Audit
- ❑ Credit Audit
- ❑ Credit related frauds and Preventive measures
- ❑ Early Warning Signals
- ❑ Post Sanction Supervision and Follow-up, highlighting annual reviews and Credit Monitoring
- ❑ Measures of Recovery
 - Legal
 - (a) Expediting recovery through legal process and functioning of Debt Recovery Tribunals
