Joint Certification Programme for Credit Officers on Understanding Financial Statements as per Indian Accounting Standards (Ind AS) with KPMG in India as Knowledge Partner

Introduction

In line with the global trend, the Finance Minister in his Budget Speech 2014 announced the decision of adoption of Indian Accounting Standards (Ind AS) converged with International Financial Reporting Standards (IFRS) by public entities in India, in a phased manner, beginning from the Financial Year 2016-17.

In the first phase of Ind AS implementation, all corporates with standalone net worth above ₹ 500 crores have adopted Ind AS standards from the financial year 2016-17. Listed companies and unlisted companies with a net worth above ₹ 250 crore have transitioned to Ind AS financials from the financial year 2017-18.

There are significant changes in reported numbers and ratios, impacting credit appraisals and annual review of borrowers for companies that have adopted Ind AS accounting standards. The credit teams need to understand and incorporate the Ind AS changes in the credit appraisal process and credit policy of banks. Significant ratios used for credit appraisal/annual review of borrowers have undergone changes, thus leading to possible changes in credit ratings, breach of loan covenants etc. Thus making it imperative for credit officers to understand and analyse the revised financial statements under Ind AS.

Objectives

To expose the participants to the framework of Ind AS, the contents and presentation of financial statements, identification and understanding of important issues and implications for credit analysts.
