

# **NIBMI** CONFERENCE

## **NIBM Conference on Indian Banking System: Way Forward on the Current Crisis**

**March 9 – 10, 2019**

**National Institute of Bank Management  
Pune, India**

## NIBM Conference on Indian Banking System: Way Forward on the Current Crisis

The Indian banking sector, in its five decades of existence, has travelled a tumultuous path. It has played an important role in building the Indian economy in the last five decades. Post nationalization in 1969, the banking industry spread like a lifeline to the varied parts of this huge country and propelled the growth process. With liberalisation drive, the banking sector emerged stronger and vibrant, providing the needed impetus for the growth momentum of the early 2000's. However, at present, Indian Banking Sector has been faced with problems such as non-performing assets, poor corporate governance, defaults, frauds, and increase in losses due to provisioning for poor asset quality. The impact of such problems on the Indian Banking Sector has been severe and the sector needs to work towards a more robust future growth.

The sector is capable of overcoming the current crisis as is reflected in various aspects. For example, during the 2008 financial crisis, Indian banks proved to be the bedrock of economic resilience. Further, the Indian banking system is expected to be the world's third-biggest in the next decade<sup>1</sup>. Similarly, a Boston Consulting Group report pegs the Indian banking revenue pool at close to \$400 billion by 2026<sup>2</sup>. In light of the sector's potential for a bright future, there have been efforts on part of policy makers and banks to make the sector resilient and to promote its financial stability. The Reserve Bank of India is trying to bring problems into the open, having conducted an Asset Quality Review and enhanced the reporting of restructured assets. The revival of the Indian banking sector, through various such reforms, is essential if India is to live up to its expectations of the future superpower economy.

This Conference is to discuss the current crisis in the Indian banking sector and envision how the various stakeholders can work towards finding ways out of the current crisis and creation of a robust Indian banking sector in times to come. It aims to have in-depth knowledge sharing and passionate debate upon various dimensions of current crisis and ways forward to shape a robust banking system along key track themes outlined below:

### Track I: Regulatory Environment

The papers in this track will address issues in areas like:

- Role of macro-prudential policies
- Regulatory guidelines and their effectiveness
- Integration to global risk management standards
- International regulation and the Indian banking sector

### Track II: Corporate Governance Aspects and Strategies

The papers in this track will explore issues such as:

- Government stake holding in banks
- Appointment of the heads of banks
- Managerial incentives
- Bank consolidation

2. Future for Indian banking system bright despite NPAs. (2016, August 31). Retrieved May 23, 2018, from The Economic Times: <https://economictimes.indiatimes.com/industry/banking/finance/banking/future-for-indian-banking-system-bright-despite-npas/articleshow/53937765.cms>

### Track III: Operational Efficiency

The papers in this track will cover topics broadly related to:

- Efficiency of financial sector
- Access and depth of the financial sector
- Profitability and new income streams
- NPA management

### Track IV: Functional Aspects

The papers in this track will cover topics broadly related to:

- Human Resource Management
- Marketing of financial services
- Technology driven growth
- Development and inclusive banking

*The topics outlined above in the respective tracks are indicative. Papers on any other aspect relevant to the theme of the conference are welcome.*

### Target Participants

The Conference is envisaged to be a platform for knowledge sharing for faculty, researchers and students from academic institutions and business schools. It will also be an important milestone for perspective building of top management and senior executives from banks and financial service companies, and central bankers.

### Conference Format

The Conference will be opened by an eminent Keynote Speaker who will outline the agenda. Each of the tracks will first have presentations by invited speakers and selected paper contributors, followed by panel discussion and debate and finally interaction with audience.

### Selection of Papers

Paper submissions received for the conference will be selected using a double blind peer review process. Papers would be judged by a set of criteria including, originality and contribution to the conference theme and to the issues under the relevant tracks.

### Research Dissemination

- *Three "Best Paper Awards" will be given to three papers of outstanding quality presented at the conference.*
- *The top ten papers will be included in a special issue of Prajnan, quarterly double blind refereed journal of social management sciences with a special reference to banking and finance.*

### Call for Papers

Manuscripts of original research papers on track themes are invited for presentation from bankers, faculty, researchers, and thought leaders. The detailed "Call for papers" can be downloaded at <http://nibmindia.org/admin/fckImages/call%20for%20papers%20Conference.pdf>

### Dates
